## BANK FAILURE.

THE ROYAL CANADIAN BANK, Toronto, Can., closed its doors on the 21st inst.

NEW YORK, May 26, 1869. 12 M.

The excitement in the New York Stock Exchange has run high during the month, although somewhat abated lately. Fluctuations in every department were as frequent as violent. Gold was run up to 145 (May 20th.) There being a balance of over sixty millions against us in our foreign trade since January 1st, 1869, an increased demand for gold from importers was natural, and a powerful bull-clique availed themselves thereof ingeniously, resorting also to artificial means—such as spreading rumors of complications to arise out of the Cuban affair and the Alabama claims, etc. They were also aided by some incidental causes for a temporary rise, such as the Bank of England raising its discounting rate, the excitement of the English press over Sumner's speech on the Alabama claims, and the failure of a large commission and banking house, (Shepler & Co.) which having "sold short" eight millions of gold, that amount had to be bought in on their account. Since May 21st, when the Secretary of the Treasury directed two millions of the surplus gold to be sold weekly until further orders, the premium declined, and, to-day, gold is selling at a fraction below 140, with a downward tendency, though the bulls assert, that we have not seen as yet the highest figure of gold for the season.

Government bonds attained higher figures than ever before for the whole list, in the home market; chiefly from the growing confidence in our Government increasing the investment demand, but owing also partly to the higher premium of gold, and to the Secretary of the Treasury having commenced to purchase bonds under the Sinking Fund Act of 1862. Within the past three days the whole list has receded about 1@2 per cent from the highest quotations.

Southern securities were, lately, neglected and weak.

The market for Railroad shares evinced a great buoyancy, resulting in higher rates for almost the entire list. Two *faits accomplis*, viz.: the Pacific Railroad and the legalization of the two bills concerning the New York Central Railroad, etc., in connection with a score of rumors of other consolidation schemes being manoeuvred through respective directories and legislatures, and of other cash and scrip dividends shortly to be declared, were dexterously and successfully used by the cliques managing this market, to turn almost all speculators "bulls." But there is naturally a limit to every exaggeration, and the higher the inflation the greater the crash! Stand from under!

On the Miscellaneous list, Pacific Mail, since declaring a quarterly dividend of 3 per cent. [May 19th], declined 15 per cent.!! Mariposa kept on advancing.

The Money Market was abundantly supplied throughout the month; but the demand for speculative purposes being increased, the interest rate on collaterals did, only in a few instances, go below 6 per cent. Commercial paper—though being more scrutinized since the failure above referred to—is discounted at 7@8 per cent.

Foreign Exchanges are dull at the standard of sterling, banker's 60 days, 1624; Commercial, 109; short, 110.

For to-day's Stock quotations see page 23.

Gen. Spinner, Treasurer of the United States wishes to inform the public that those who send out circulars offering to furnish exact copies of United States notes, and who inclose genuine 10 or 20 cent notes as specimens of counterfeits in which they deal, gain a living, not by infringing on a law of the United States against counterfeiting, but either by cheating their victims out of the whole amount sent them, or by returning therefore small photographs of United States notes or something similar, which cannot be passed as money. As the laws of the United States take no cognizance of such offences, the Treasury Department cannot undertake to secure the arrest and punishment of the offenders, but must leave them to be taken care of by local laws and authorities. He makes this statement, not for the information of dopes who would otherwise send their money to swindlers, but to protect himself and the Department from the letters inflicted upon them by well meaning persons, who, having received copies of the circulars in question, fancy they have unearthed some gigantic scheme of counterfeiting, and hasten to lay their information before the Departments.

In the Supreme Court now being held at Oswego, N. Y., Judge Millin presiding, the following decision was rendered, which is of much importance to banking associations doing business under the National Banking Law.

The Lake Ontario National Bank has sued to recover pay upon a note it had discounted, and the defendant pleads usury, and claimed that the whole note was vitiated thereby as required by our State law. The usury was proven, and the plaintiffs claimed they were doing business under the National Bank Law, and that the penalty therein prescribed was a forfeiture of the interest only. The Court held with the plaintiffs, and ordered the jury to bring a verdict for the whole amount of the note, less the interest actually taken at the time the note had been discounted.

The following National Banks have resigned their privileges as designated depositories since the 1st of April last, and have withdrawn their securities: the Second, Third, Fifth, Tenth, Park and New York County of this city; the First of Buffalo, N. Y.; the Blackstone and Third of Boston, Mass.; the First and Union of Chicago, Ills.; Ridgley, of Springfield, Ills.; the Germantown and Philadelphia National of Philadelphia, Pa., and the First of Williamsport, Pa.

The Acting Commissioner of Internal Revenue has addressed a letter to Messrs. Clark, Dodge & Co., of this city, denying their application for a hearing and a re-examination of the assessment made against them by the late Assessor of the thirty-second district, Mr. Webster, who claimed that all moneys employed by bankers and brokers in their business of banking, were subject to the tax of one twenty-fourth of one per cent, and this decision is sustained by the department.

THE NATIONAL BANKS.—The abstract of all the National banks (more than 1,000) shows an aggregate of resources and liabilities of \$1,516,303,000, including loans and discounts, \$650,000,000; specie, nearly \$3,500,000; legal tender notes, \$80,500,000; three per cent certificates, \$51,000,000. The capital stock is over \$120,000,000.

Mr. Van Dyck, Assistant Treasurer of the United States in this city, has tendered his resignation, to take effect June 1st.

The Hon. Mr. Rose has introduced into the Canada House of Commons a series of resolutions on banking and currency, which, if carried into effect, will make a radical change in the banking of the New Dominion. The general features of the scheme are copied from the National Bank system of the United States, though there is considerable difference in several particulars. The bank notes and Government legal tenders now in circulation are all to be called in, and no more such notes will be issued. The currency is to consist, hereafter, solely of bank-notes secured by Government debentures. The banks are to purchase Government debentures in such amount as they may severally choose. They are to deposit the debentures in the hands of a Receiver-General in trust, which Receiver-General will give legal tender notes in the same amount of debentures deposited. The legal tender notes are to be redeemable at the office of the bank designated upon them, and each bank is always to have on hand to redeem them, \$1 in gold to every \$5 of notes in circulation bearing its superscription. Should any bank fail to redeem its notes on presentation, the debentures deposited with the Government are to be made available for their redemption. The banks are to receive interest from the Government on the amount of debentures deposited with the Receiver-General. The act will not come into force until 1870.

THE NEW YORK STOCK EXCHANGE.—A consolidation of the late Regular, Open and Government Boards of Brokers went formally into operation on Tuesday, May 11th, 1869, starting with 1,030 members and about \$800,000 capital. Its officers are: W. H. Neilson, President; M. A. Wheelock, First Vice President; B. O. White, Second Vice President; D. C. Hays, Treasurer; G. H. Brodhead, Secretary; John W. Munro, Assistant Secretary; W. Weber, Roll-keeper; and an executive committee of forty.

The Atlantic National Bank of Brooklyn is reported to lose nearly \$250,000; its late President, W. C. Rushmore, who was killed by the recent accident on the Long Island Railroad, having been discovered deficient in his accounts with the bank to the amount mentioned, by private speculation and unauthorized advances. The consternation and uneasiness thus caused among the depositors has ceased since the directors of the bank pledged themselves to carry it through the crisis and to continue the business.

#### BANK ITEMS.

The stockholders of the Pacific National Bank of this city having voted to liquidate the affairs of the association, have reorganized as a State institution. The business of the bank will hereafter be done under the banking laws of the State of New York.

The Mechanics' and Laborers' Savings Bank is the title of a new institution about to be opened at 267 Grove-street, Jersey City, N. J. Its officers are: Charles G. Sisson, President; John Hulliard, Vice President; Patrick Reilly, Treasurer; David Hallanan, Secretary.

Hon. Moses Wood, President of the Rollstone National Bank, died at his residence in Fitchburg, Mass., on the 15th inst., after a painful sickness.

## COUNTERFEIT GREENBACKS.

1s. (1st kind) can be readily detected by the inferior style of the engraving, particularly the head of Chase. The mouth is crooked, the eyes imperfect, and the hair on the top of the head resembles side hair brushed over to cover baldness. The back is a lighter green than the genuine.

1s. (2d kind) the general appearance is very coarse and may readily be detected; green ink is very pale. On the imitation there is a black straight line under the red figures on the upper part of the bill; none in gen.

2s. imit., well executed. Coat of Hamilton badly done. The shirt bosom of Hamilton is very dark and uneven, but in the genuine white and plain. The shading of the words "UNITED STATES" light and broken.

5s. 10s. genuine notes without the red seal, and others reported without the usual number being printed upon them.

5s. imit., words "United States" heavily shaded. Gen. are clear, lightly shaded and plain. The words "Patented 20th June, 1867," under the words N. York are not on the counterfeit bill. All the counterfeits are letter A, and are  $\frac{1}{8}$  inch shorter than the genuine.

On the new series of letter "A," around the figure of Liberty on left end is a plain black line. On the counterfeits, this line along the bottom of the figure running towards the right of the note forms two distinct lines, on gen. only one. But this

may be a counterfeit's dodge to have it described and alter it afterwards.

5s. imit., 'his bill is well calculated to deceive, and the only difference we can detect is in the die on the right end enclosing the figure 5. The genuine has three black circles enclosing the 5. This imit. has only two, and on lower right end figure 8, and on left end series 90.

10s. Paper very light, and the green ink of a lighter shade. Dated March 10th, 1862.

10s. alt'd from 1s. portrait of Chase on left.

10s. imit. There are 16 small Xs on upper right margin, and only 16 on the genuine. The words "Printed by the National Bk Note Co." on lower left margin extends over 9 of the Xs on imit. and 8 on the genuine.

10s. imit., has 14 small x's on upper right margin—16 on left. The gen. has 15 x's each side of engravers name. Portrait of Pres. Lincoln is very coarse and pale looking; imit. are dated Washington, March 10, 1862, letter C.

30s. very close imit. of gen., the engraving is good, in the center figure the foot of the female not so clearly seen. On the left end bottom are the words "Payable at the Treasury of the U. S. at New York." The A's in payable are too small and uneven. The letter 'x' in the word 'The' is not crossed in the centre. The imprint is defective; the green ink is of too light a color.

50s. alt'd from 2s. portrait of Hamilton on left centre. The vignettes of the two-dollar and fifty-dollar Treasury note are the same. Ingenious persons are counterfeiting the body of the fifties and using the vignettes of the twos, producing a note that deceives experts.

50s. imit. observe the figures 50 on back of the bill around the margin, the 5 in the imit. runs into the 0, gen. does not. The word 'FIFTY' around the above 50 can scarcely be read. Words 'LEGAL TENDERS' is very much blurred. Letter C dated March 3, '68. On the left lower corner the No. 550 instead of 50 enclosed in one circle.

50s. imit., observe the head of Hamilton, upon the face of the note, which represents the line of the waistcoat crossing the white collar at the neck. The acute angle formed by the shape of the collar, so far as it is shown, is perfect in the counterfeit note; but in the genuine the lines of the flesh were drawn by the engraver across the point of the collar at its junction with the waistcoat, for the purpose of relieving the angle of the sharpness it would otherwise have exhibited.

This difference is not readily observed unless the notes are perfectly clean. The other discrepancy is in the shape of the ornaments in the border on each end of the face of the bills, and in the whole border on the back. The figures "50" are engraved on a green ground, of which the rim, in the genuine bill, is in octagonal form, rather well defined, though the angles are not sharp. The eight sides of what at first view appeared to be circles, may be easily discerned. In the counterfeit bill the border ornaments, containing the "50" are octagonal in only a very slight degree, and seem to be perfect circles. The general appearance of the counterfeit gives no indication of its true character.

100s. imit. the red figures are much larger than the figures of any Treasury Notes, the wings of the eagle are very coarse—the double rule running from it is heavier, and the curve twice as large, while there is a diagonal shading at the joint of the imprint with the rule, which does not appear on the genuine. On the right end of the back of the bill, the 100 in the circles are inverted, thus, 001. In the genuine this inversion is on the left end. The imprint, American Bank Note Co., is very uneven, and too large.

100s. imit., (2d kind) of the notes issued under the act of February, 1862, well executed. The spurious note is smaller, and the coloring on the back is paler than on the genuine bill. The words "one hundred dollars" on the right hand side of the counterfeit are smaller than on the genuine note.

100s. imit., (3d kind) the note is smaller than the genuine, the spread eagle is very coarse, and the shading of UNITED STATES is badly done. The bill is calculated to deceive.

## COUNTERFEIT COUPONS.

The following are the words on the coupons: "Acts of July 17 and August 5, 1861. The United States of America will pay to bearer fifteen dollars for six months' interest due 1st January, 1867, upon bond No. 786, for \$500. L. E. Chittenden, Register United States Treasury."

FIVE CENT COIN COUNTERFEITS. Are in circulation. They may be distinguished from the genuine by the softness of the metal.

## COUNTERFEIT

## FRACTIONAL CURRENCY.

## Old Issue.

50s. imit., the portraits of Washington differs one from another; in the genuine they are all alike; the green color looks light and pale.

25s. imit., well executed. Look out.

## 2d Issue.

10s. imitation. All gen. on the top has the word "Depositories," the imitation reads "Depositories."

50s. imit., have a pale slate color. The small barrels on lower right corner are very indistinct. The gen. have six barrels perfectly clear and plain. Three on lower row, two on next, and one on top. The counterfeit barrels are black, and gen. are white.

50s. raised from 5s.

## 3d Issue.

50c. imit.; two kinds of the new long 50 cent currency. The imitation of one kind has DISIGNED on upper right corner instead of DESIGNATED. The second kind has designated correctly spelled, but on the little American shield, under the Eagle, there is a black line across the upright bars of the Shield. Not so in the genuine.

25s. imit., are very pale and coarse. The letter O in cents on left end is smaller than the other letters, and too far off.

## New Issue.

25s. imitation. Above the words "Treasury Department," on the bottom of the bill in the genuine there is a fine horizontal line—the counterfeits have a straight line.

Notice the shading of the "25" on the back of the note. The genuine is dark, while the counterfeits is very pale, and very little darker than the other green. The word "of" on the face of the genuine appears thus—"of"—on the counterfeit "of".

25s. imit., well executed, but may be detected by the absence of a period (.) after the word Treasurer under Spinner's name; the work is better than any we have previously seen and liable to deceive unless carefully examined.

25s. well executed; head of Chittenden; where it reads "Furnished only by the Assistant Treasurers" the Assistant is spelled "Assistants." In the genuine the shading of the letter "E" in "Five" is unbroken, while the counterfeit has a little notch in it.

50s. well executed. The engraving on the face of the note is excellent. The adverse is slightly blurred. The notes are an eighth of an inch narrower than the genuine.

50s. the "y" in "Colby's" name crosses a line of the coat in the genuine, but not in the counterfeit.

50s. the line of stars on counterfeit between the figures "50" at the top and bottom of the back of the note have white centres, while the entire stars on genuine are in green. The reading in black on the genuine note clear and distinct, while on the counterfeit the bronze is printed on the black, the words "FIFTY CENTS" being almost obliterated.

50s. well done. The last "a" in the signature of F. E. Spinner is omitted in some, and the (.) after print. on one end, and the d. after March 30.

50s. New and dangerous counterfeits of the last issue of the fifty cent fractional currency notes, which bear upon their face the head of Treasurer Spinner, have been detected by the Treasury Department. It can be detected by the absence of a period (.) after the word print on the right end, and also under the letter "d" in "March 30," on the left end. The paper is thicker than that of the genuine notes, and the general appearance is calculated to deceive unless closely inspected.

## COUNTERFEIT 7.30 BONDS.

The seal is slightly larger than the genuine; the red ink with which it is stamped is a shade lighter, and the points projecting from the seal are blurred and a little longer than the genuine. The imprint at the bottom of the face of the bond is set different in the margin, there being more space given it than in the genuine. The borders of the coupon which are attached to the counterfeit bonds are larger, while the red figures are finer than in the genuine. The borders of the ornamental lath work are blurred and somewhat indifferently executed. The figures denoting the bond are slightly uneven, while the blue ink in which they are printed is a duller blue and lacks the metallic glossy appearance of the genuine.

**NEW COUNTERFEITS.**

Every counterfeit that has ever been made has one or more mistakes in it. Our aim is to show what that mistake is.

**50s, GREENBACKS.**

Imitation. Observe the figures 50 on back of the bill around the margin. The 5 in the imitation runs into the 0 on the lower left corner, and reads 550 instead of 50. The buttons on Hamilton's vest which are very distinct in genuine are scarcely discernable in the counterfeit. Genuine has five white in the counterfelt you can hardly see four. The note is dated March 10th, 1868. We would advise our patrons to scrutinize carefully all \$50 Treasury Notes, unless they know the parties from whom they receive them.

**Wyoming Co. Nat. Bank, Warsaw, N. Y.**

5s raised to 100s. The bank issues no notes above 20s. Easily detected by the 100s in the upper corners on the face of the note. The alterations are made by removing the color and printing in its place. The one hundred dollars after "will pay on demand," are unusually well put in. The green ink on the back is of a yellowish tinge.

**National Bank of R. I. Newport, R. I.**

2s, imitation. Lively to deceive.

**Rhode Is. Nat. B'k. Providence, R. I.**

2s imitation. Quite well done and very likely to deceive.

**5s GREENBACKS.**

The green ornamental engraving lengthwise of the bill in the counterfeit is of a paler color than in the genuine, and has a brighter look than the dark green of the original. Seen under the microscope the engraving is coarse, but to the naked eye the bills have a very good appearance.

**Albany City National Bank, N. Y.**

19s, imitation. The engraving is scratchy, and the general appearance poor when compared with the genuine, but likely to deceive.

**Mutual National Bank, Troy, N. Y.**

10s, imitation. Well executed and likely to deceive. Shading of "United States" lighter than the genuine.

**National Bank of Lebanon, N. H.**

10, imitation. Well done.

**St. Nicholas National Bank, N. Y. City.**

2s, imitation. General appearance good. Shading under title of bank irregular.

**Auburn City National Bank, N. Y.**

10s, imitation. The paper is good and will wear well. The front of the bill is quite well done, but the back is very much blurring—the left end of the centre engraving looking as rough as a brush heap.

**Gore Bank, Hamilton, Canada.**

4s, a very close imitation—better refuse all bills of this denomination.

**20s GREENBACKS.**

A dangerous counterfeit. Green ink a good color, but the paper too yellow. Principal defect in the die. No clear and distinct lines around the 20. Looks more like a collection of several spots. Female well done, but the face rather coarser than the genuine.

**First Nat'l Bank, Louisville, Ky.**

5s, imitation. Columbus at the left end of the note has no left hand. Engraving rather coarse and heavy.

**FRAUDULENT BANKS.****Lynn Park National Bank, N. Y. (No such bank.)**

2s. Very well done.

**Nat. Union Bank of Linderpark, N. Y.**

2s, (NO SUCH BANK) well calculated to deceive.

**National Bank of Idaho Territory.**

10s. Well done.

**National Bank of the State "IN" N. Y.**

10s. Coarsely done.

**Mechanics' National Bank of Janesville, N. Y. (NO SUCH BANK.)**

10s. A very good looking bill—look out for them.
